About me

Computer Systems Engineering Student and **freelance web developer** with over **4 years of experience** building websites, landing pages, e-commerce platforms, and custom web solutions for business and entrepreneurs.

Experienced with **HTML, CSS, JavaScript, TypeScript, React, WordPress, Elementor, SQL, and Next.js**.

Skilled in participating throughout the entire development lifecycle, from requirements gathering and planning to implementation, deployment and maintenance

Currently seeking an opportunity to join a development team where I can contribute my technical skills, continue learning and grow as a Software Developer

Education

Bachelor's Degree in Computer Systems Engineering **aug 2023 - dec 2027**
Instituto Tecnológico de Nuevo León

Bilingual High School Program **aug 2021 - jul 2023**
UANL High School #15 - Florida Campus

Working experience

Freelance Web Developer **jul 2021 - Present**
Freelance, Remote
